

WANSEN NEW MATERIALS

# Premium TPU Color Film

2026 Global Partner Product Catalog

## TECHNICAL ADVANTAGES

### 100% Imported Aliphatic TPU

Utilizes premium imported aliphatic base material (PVC-free). Features exceptional stretchability and long-term anti-yellowing properties.

### PET Release Liner

Equipped with standard PET liner, providing a mirror-like high-gloss finish and effectively eliminating "orange peel" texture.

### Nano Self-Healing Coating

Self-heals micro-scratches with heat. Superior anti-fouling performance keeps the surface pristine and brilliant.

### American Ashland Pressure-Sensitive Adhesive

Optimal initial tack for easy positioning. Residue-free removal ensures long-term protection for the original vehicle paint.

## B2B GLOBAL PARTNERSHIP SOLUTIONS

### OEM/ODM Services

Bespoke packaging, logo printing, and custom color R&D.

### Flexible Supply Chain

Robust inventory management supporting bulk procurement.

### Marketing Support

Complimentary training videos and marketing assets.
